

HAIR BENDERS ACADEMY

COURSE OUTLINE: Cosmetology

SOC: 39-5010 / CIP: 12.0401

DESCRIPTION: The primary purpose of the Cosmetology Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Cosmetology or related career field.

OBJECTIVES: Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice proper grooming and effective communications skills and visual poise.
3. Understand employer employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic manipulative skills including hair styling, shaping, bleaching, tinting, chemical reformation, scalp/hair conditioning, facials, manicures, pedicures and nail extensions.
5. Perform the basic analytical skills to determine proper makeup, hairstyle, and color application for the client's best overall look.
6. Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, trends, fashions, and methods for career development in cosmetology and related fields.

FORMAT: The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Students will demonstrate their knowledge of cosmetology theory and application ability through their completion of required practical and clinical activities. Audio-visual aids, guest speakers and other related learning methods are used in the course.

REFERENCES: Students follow Milady's Revised Standard Textbook of Cosmetology and Standard System of Salon Skills. A comprehensive library of references, periodicals, books, texts, standard dictionary, dictionary of medical terms, standard textbooks, anatomy charts and audio/video tapes are available to support the course of study and supplement the students' training. Students should avail themselves of the opportunity to use these extensive materials.

GRADING PROCEDURES: Students are assigned theory study and a minimum number of practical experiences. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. Practical skills are evaluated according to procedures, performance standards established by the state licensing agency, and set forth in the Practical Skills Evaluation Criteria. Students must maintain a theory grade average of 75% and complete of all written and practical requirements including the final written and practical examination with passing score prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

91 – 100	Excellent	75 – 80	Satisfactory
81 – 90	Above Average	below 75	Unsatisfactory

1600 HRS | SUBJECT/ UNIT

Cosmetology Curriculum

SUBJECT CLOCK HOURS SERVICES

BUSINESS & CAREER INFORMATION

EMP101	5	0
--------	---	---

Review business and career information, professional and professional development, ethics, employment and client relationship. Interview techniques, grooming and personal development and salon operations.

FLORIDA STATE LAW

STL101	11	0
--------	----	---

Study of all applicable State of Florida, Department of Professional Regulations laws and rules pertaining to Florida, as well as license reciprocity.

SANITATION & STERILIZATION

STE101	45	0
--------	----	---

The study of infection control and the proper use of sterilization as it pertains to the field of Cosmetology and related areas.

SHAMPOOING & RINSES

SHR101	75	50
--------	----	----

Types of shampoos and rinses, chemistry, and safety as well as manipulations, procedures and product knowledge.

SCALP TREATMENT & COLOR RINSES

STC101	50	45
--------	----	----

Scalp treatments, disorders and manipulations. Color rinses uses, applications and the benefits of light therapy. Safety Precautions.
